MA in Cultural Management

Through classroom lecturing and practicum experiences, the Programme intends to equip students with technical, managerial, critical and creative skills so that they could be engaged in the professional practice of cultural management in Hong Kong and elsewhere. In 2008 courses within the Programme were recomposed to specify the expectations on the learning outcomes. Students are expected to acquire the following skills and knowledge upon the completion of the Programme:

1. Technical and managerial know-how
 - a. Management of various forms of cultural institutions, including arts centre, theatre, museums and independent arts spaces;
 - b. Managing the production and presentation of cultural programmes, including various forms of performances, exhibition, film/video/digital arts presentation, various forms of arts presentation and experimental arts projects;
 - c. Providing mediation services for cultural programmes, including marketing, education programme and community outreach activities.

2. Critical ability
 - a. Ability to engage in critical review of the various form of cultural expressions and provide distinctive interpretations;
 - b. Ability to understand and critically review local and global cultural landscape in terms of their political and ecological context;
 - c. Capable of being critical of traditional and existing practices in cultural management.

3. Creative skills
 - a. Ability to curate distinctive cultural programmes with creative interpretation and presentation;
 - b. Ability to introduce creative elements in communicating with the public through different mediation formats such as marketing, publication, education and outreaching programming.
